## Activity 8

Instruction: Read the following text and complete the table below.

### Elizabeth

I like outdoor activities. In my spare time, I like to go biking in the mountains, hiking, camping, but my favorite hobby is traveling. I love to travel because not only is it the ultimate adventure but it also exposes me to new types of people, different ways of living, and opens up my mind. Travel takes me out of my comfort zones and inspires me to see, taste and try new things.

### Emma

I prefer indoor activities. I enjoy surfing the internet, listening to music, singing or playing computer game. My favorite hobby, however, is cooking. Cooking is interesting because it lets me play with my food. I can combine flavors, colors, and textures in new and exciting ways. Cooking brings joy, creativity and connection to our lives. In the future, I want to be a good chef.

## Christo-

I love indoor and outdoor activities. I enjoy collecting coins, drawing and painting but I also like car racing. My favorite hobby, though, racing is an easily understood sport that even little kids can follow. It is exciting and gives people hope, enjoyment, enthusiasm, and, most notably, a sense of belonging. People can get involved in racing just by supporting their favorite driver and watching their race.

## Mat-

*I love outdoor activities. I enjoy boating, surfing and trekking. But my favorite hobby is skateboarding. It is exciting and fun. Skateboarding helps develop a strong sense of balance, as I'm constantly adjusting my body to stay on the board. Enhanced muscle strength and endurance: My legs, core, and upper body all get a workout from skateboarding, leading to increased strength and endurance.*
